[^] Products available with Aviator Service level

NOTE: The 1.35 upgrade available on the web will ONLY work when the installed software is version 1.33 or later. If an earlier version is installed an upgrade to version 1.33 must be made first.

More information on the additions and modifications are also available on the WxWorx website. The update can be downloaded from the web at:

<http://www.wxworx.com/support/wingsupdate.php>

Or, if a CD is desired it can be purchased for the nominal fee of \$5.00 (Plus shipping and handling) at:

http://store.wxworx.com/Merchant2/merchant.mvc?Screen=CTGY&Category_Code=101

Thank you for your continued interest in WxWorx and its products. Please continue to look for more updates and announcements from WxWorx regarding

our display or the XM WX Satellite Weather service. And as Always your ideas and comments are always welcome!
